

Ready to rock 2010

The Standard Bank Rocking Future Roadshow helps matrics make a more informed tertiary education decision.

Local youth edutainment company Three Ring Circus' (3RC) successful flagship project, The Standard Bank Rocking Future Roadshow, has finalised its calendar for 2010.

The event, which helps matrics make a more informed choice concerning tertiary education, will visit over 30 000 pupils between January and May this year, including Roosevelt High.

The road show has two new interesting additions for 2010. First up is the '10 weeks of giveaways' project with Ster Kinekor theatres that will see some lucky pupils walk away with

prize hampers ranging from movie merchandise to PlayStation games.

Second is the 'Sport Achiever' award, in which all visited schools will get to vote for a local Grade 11 or Grade 12 sports person who they believe gives back to the community. The eventual winner will be selected in May and will win for their school an assembly with a famous South African sports star.

Tanya Vandenberg, creative director at Three Ring Circus, said, "It's a busy year for everyone with the World Cup happening, which is why we'll be running two teams, making sure that

none of the schools miss out on this great opportunity."

The road show features representatives from up to 20 of the country's finest universities and colleges, helping pupils understand the enormous range of study options available to them.

"Through face-to-face interaction with these institutions, and the informed and entertaining nature of the show itself, the message soon becomes abundantly clear that Grade 12s must make the right career choice, not the expected one," said Vandenberg.
