

Roadshow rocks Durban North College matrices

THE Standard Bank Rocking Future Roadshow visited Durban North College on Friday.

By being both entertaining and educational, the show helps matrics make more informed decisions about possible study options available to them once they leave school.

Matrics were also given a Future Guide magazine filled with useful information regarding careers, study choices and life after high school.

Added to the show this year is the Sport Achiever award. Each school nominates a Grade 11 or 12 pupil that they feel has contributed to their community through sport. The winner will be selected in May and their school will be visited by a South African sports star.

Sylvia Dicks, Nikita Diepu, Elke de Waal (deputy head girl) and Niveet Devnath.
